Start thinking of creating your own exhibit to enter next year.

The Northwest Coin Club will meet Thursday, September 12 at the East Side Community Center, 1700 Second Street NE, Minneapolis Mn. 55413. We will gather at 6:30, and the business part of the meeting begins at 7 pm.

After the business meeting, we will be treated to a talk by Dan Kihlstadius. Topic: Your collection. You should consider either forwarding coins now to the family members who are actually intending to receive them; and/or spending some time explaining to whomever will be handling your estate as to what is what, what is valuable (and not) and who is to receive them. For some of you, this might mean family members would actually rather have you do most of the liquidation yourself.

I mistakenly noted this talk was scheduled for August. Instead, the August meeting featured a presentation on metal detection featuring Larry Homan who brought along a range of metal detectors and a large display of coins, keys, jewelry, toys, and lesser objects such as cigarette lighters and buckles. He described how differences in the tones the detector makes can tell the experienced operator the size, material and depth of the object below ground – or even underwater. He offers a service as “Recovery Expert” finding lost rings and watches at the beach or in gardens.

Reminder: The Northwest Coin Club will hold its annual dinner on Thursday, October 11, at Elsie’s, a bar/restaurant/bowling alley at 729 Marshall Street Northeast. Go to www.Elsie’s.com to check out the menu.
